## PROCEDURE

### FOR THE NOTIFICATION OF DRAFT TECHNICAL REGULATIONS

#### Article 1

For the purpose of this procedure the following meanings shall apply:

/a/ "Technical specification": a specification contained in a document which lays down the characteristic required of a product such as level of quality, performance, safety or dimensions, including the requirements applicable to the product as regards terminology, symbols, testing and test methods, packaging, marking or labelling;

/b/ "Technical regulations": technical specifications, including the relevant administrative provisions, the observance of which is compulsory, de iure or de facto, in the case of marketing or use in a contracting Party or in a major part of it, except those laid down by local authorities;

/c/ "Draft technical regulation": the text of a technical specification including administrative provisions, formulated with the aim of enacting it or of ultimately having it enacted as a technical regulation, the text being in a stage of preparation at which substantial amendments can still be made;

/d/ "Products": all goods covered by this Agreement.

#### Article 2

1. The notification shall:

/a/ include the full text of the draft technical regulations both in the original language and in a full translation or a summary into English;

/b/ indicate whether the draft technical regulation is identical with a technical specification in the subject matter concerned, worked out by an international or regional body, or whether it deviates from such specifications; when deviating from such specifications the reasons for the deviations shall be given;

/c/ state the name and address of the national authority competent to give further information on the regulation;

/d/ include the envisaged date of entry into force.

2. Where a draft technical regulation merely transposes the full text of an international or European standard, information regarding the relevant standard shall suffice.

### Article 3

Each contracting Party may ask for further information on a draft technical regulation notified in accordance with this procedure.

### Article 4

1. The contracting Party may make comments upon the communicated draft technical regulations.
2. The contracting Parties shall exchange information on their Enquiry Points.

### Article 5

The time-limit for comments on notifications shall be three months from the date of receipt by the contracting Party of the text of the draft regulation. During this period the draft technical regulation may not be adopted.

### Article 6

An additional notification shall indicate to what extent it has been possible to take account of any comments received from the contracting Party, any change of substance made as compared with the notified draft, as well as the date of entry into force of the regulation.

### Article 7

The standstill period of three months shall however not apply when for urgent reasons relating to the protection of public health or safety, the protection of health and life of animals or plants, the competent authorities are obliged to prepare technical regulations in a very short period of time in order to enact or introduce them immediately without any consultations being possible. The reasons which warrant the urgency of the measures taken shall be given.

### Article 8

The contracting Parties shall, within the framework of this Agreement, hold regular consultations to ensure satisfactory functioning of the procedure.
